

Marginal Arts Festival Workshop Registration
The Building Blocks of Acting with Heather Davies
\$75/\$45 students under 21

This fun, supportive class will introduce or refresh the building blocks of acting and stagecraft (including scene structure) by getting on our feet and playing. Inspired by a broad range of theatre approaches, we'll explore topics including 'acting and reacting', 'active listening', 'accepting and building', playing with imagery, discovering the character, playing with arguments and acting with honesty. This 2-session workshop is for ages 16 & up who are interested in acting, writing or directing.
